

Raghuvaran Damodaran

SOFTWARE DEVELOPER FRESHER

PROFESSIONAL SUMMARY

Passionate fresher having exposure with full-stack development, software development and cloud computing at problem-solving, networking, and algorithmic thinking. Good hands-on project experience in Python, Flask, and web development.

Phone:

+91-9629975136

Email:

raghuvarandamodaran2002@gmail.com

Address: #61/3, Sri Devi Nagar, Ist

Street, Alapakkam, Chennai-600116

PROJECT EXPERIENCE

- IORRERA - NASA Space Apps Challenge 2024 (Oct 2024 - Nov 2024) - 100% Contribution (Remote)**

I have developed an interactive learning platform on Space Science using web technologies (HTML, CSS, JS) and selected for Global Judging among 900 teams and win in as Best Use in Engineering and Local Favourite Project in UTAH University, Logan, USA.

Skills: Web Development, UI/UX, JavaScript.

- Fresh Guard Thermo Oasis (Feb 2024 - Sep 2024) - 60% Contribution (Final Year Project)**

Optimized post-harvest tomato storage using Peltier devices, temperature and humidity sensors and selected for Level-1 Ideation in Niral Thiruvizha, Naan Mudhalvan, among 144 teams within Tamilnadu.

Skills: IoT, Embedded Systems, Idea Preparation and Module Documentation, Data Analysis

- CV Builderz (March 2023 - May 2023) - 50% Contribution**

Designed and developed a dynamic resume website with integrating both frontend and backend functionalities for users and implemented MySQL database connectivity to handle user data, enabling retrieval, insertion, updating, and deletion through PHP and PHPMyAdmin.

Skills: Full Stack Developer, DataBase Management System, Idea Preparation and Module Documentation.

- Snapshotz Algorithm (Mar 2023 - May 2023) – 20% Contribution**

Implemented an algorithm integrating OpenCV and Machine Learning for optimized photo capturing. **Skills:** Module Documentation.

- KnowAR (Jan 2023 - May 2023) - 40% Contribution**

Built an AR-powered educational platform to enhance interactive learning, fostering curiosity and active participation among students.

Skills: Augmented Reality, 3D Modeling, Web Development

EDUCATION

Anna University Regional Campus, Tirunelveli

Bachelor of Engineering in Computer Science and Engineering (2020 - 2024)

(Still Backlogs Pending – 2 and 70 %)

ACHIEVEMENTS

- NASA Space Apps Challenge 2024 - Global Judging Round
- Niral Thiruvizha Ideation - Selected among 144 teams
- Recognized by the Francis Xavier Engineering College, Tirunelveli in Paper Presentation for Snapshotz Algorithm. .
- Recognized by the Honourable District Collector, Tirunelveli in KnowAR for my team work.

SKILLS

- Languages: Python, JavaScript, SQL
- Web Development: Flask, HTML, CSS, React
- Python Development and Machine Learning: Flask, Django, OpenCV
- Tools, Platforms and Database: MySQL, MariaDB (Linux), Firebase and Git, AWS
- Networking : CCNA .

CERTIFICATIONS

- Best Performer in Employability Skills Development Training Programme – Titan Leap Academy (VIIIth Semester Activity)
- Full Stack in Python Programming - GUVI Geek Networks, IITM Research Park (VIIth Semester Elective)
- Cloud Computing Program – Edureka (VIth Semester Elective)
- CCNA v7 Introduction to Networking - Cisco Networking Academy (Vth Semester Elective)
- Python Training in Basics- Besant Technologies, Chennai (Remote)

PASSIONS

- Known and Interested Subjects: Enthusiastic about AI, Command, Linux, Bash Programming and Full Stack Development.
- Learning Technologies: Enthusiastic about AI, Java and Flutter Fundamentals, Data Science and IoT advancements.
- Community Engagement: Active participant in tech forums, hackathons, and open-source contributions.
- Non Technical Aspects: Interested in Module Documentation, Video Editing, Content Writing, Learning Blender Module,
